This is an advanced pistol class. Participants are required to have completed a basic pistol class and be proficient in the use of a handgun.

Participants will receive instruction for in-home defense, safety and preparedness. Instruction and guidance is also provided for proper shooting techniques from various positions. A portion of the class will cover legal and civil responsibilities. All participants are required to be U.S. citizens and lawfully permitted to own or possess a firearm.

Participants will need to bring a handgun, 150 rounds of ammunition (no wadcutter ammo please), a holster, two pistol magazines or speed loaders, eye and ear protection. Participants are encouraged to wear a baseball style cap and dress in comfortable, weather appropriate clothing. No tank tops or open toe footwear. Please bring a light lunch or snack. We will provide water, soda and coffee.

Participants will be shooting from different positions that will require them to kneel, stand, crouch and move quickly from one position to another.
